

DOWNTOWN DEMONSTRATION PROJECT

The Downtown Advisory Committee as a result of the demonstration survey recommended that the City continue the testing of temporary traffic changes only on Bernard Street and Throckmorton Ave. Traffic on Bernard Street will be revised to be One Way in the southbound direction per the committee’s recommendation (see below). The demonstration will be in place through the end of November 2021. Temporary signs and pavement markings will be placed to guide motorists, pedestrians, and bicyclists.

Revised Temporary Demonstration Traffic Patterns

Throckmorton Ave./Miller Ave./Bernard St.
